

# ERACON & CAREER-EU 2021

## VARNA, BULGARIA

### COVID-19 Protocol & Guidelines

- All conference participants must respect and follow the rules of the Bulgarian authorities valid in July 2021.
- All conference participants **must** wear a facemask at all times in all public indoor settings and outdoor settings related to the congress activities, with exception of actively engaging in eating/drinking or while making a presentation. Anyone not adhering to the face covering policy will be asked to comply or leave.
- Note that normal body temperature is 35.8-36.8 Celsius. Increased body temperature is 37 Celsius and above. Participants with increased or high temperature will have to be isolated in their room according to the Bulgarian Ministry of Health. Organizers will have an electronic thermometer for measuring the temperature of participants, if needed.
- In the venue, all conference participants will be seated socially distant from one another as this is indicated by the Bulgarian Ministry of Health. Suggested one empty seat between each non-family related persons.
- Hand sanitizing stations will be placed near the congress venue.
- Venue / presentation rooms will be filled up to the capacity allowance as will be indicated by the university.
- Staff will be strategically placed in the venues to promote and remind all conference participants and visitors of proper social distancing as well as mask adherence.
- If any participant or visitor or staff member is not feeling well, even if their symptoms are mild, they should be isolated in their room.
- If any participant or visitor or staff member come across an emergency risk or accident then an ambulance will be called.

Due to strict adherence to regulations, there can be no exceptions to the capacity limits, or other guidelines and protocols shared above.
